PROFESSIONAL EXPERIENCE

Assistant Reservations Manager - Rose Rayhaan by Rotana Hotels | Dubai, UAE

January 2022 - June 2026

- Maintained accuracy of the property's contents among all booking channels to ensure data integrity and rate parity.
- Updated client records, booking files, and contract documentation across multiple systems such as Opera Cloud and Salesforce.
- Coordinated calendars and schedules across departments for arrivals, group bookings, and meetings, supporting smooth day-to-day appointment flow.
- Oversaw end-to-end booking coordination from inquiry through post-stay billing reconciliation.
- Ensured confidentiality of sensitive guest and business data, and trained team members on CRM and best practices to strengthen data accuracy.

Groups Coordinator - Al Bandar Rotana & Al Bandar Arjaan by Rotana | Dubai, UAE

December 2019 - January 2022

- Handled client inquiries through emails and phone calls. Ensuring timely response for client satisfaction.
- Prepared proposals, contracts, and supporting documentation for group bookings.
- Maintained updated trackers for active deals and revenue pipelines, shared across teams for visibility.
- Acted as point-of-contact in management's absence, handling client communication, scheduling, and daily coordination independently.

Flight Reservations Agent – United Airlines, InterGlobe Technologies, BPO | Taguig, Philippines

August 2015 – January 2017

- Handles high volume of calls processing airfare inquiries, flight reservations, modifications, and ticket reissuances for domestic and international routes.
- Re-accommodated passengers during delays/cancellations and coordinated with partner airlines to resolve issues, maintaining high customer satisfaction.

CERTIFICATIONS

Sync2VA Intensive Course - Real Estate Virtual Assistant (40 hours), 2026

- Completed REVA Masterclass on US property management and transactions
- Hands-on use of Buildium for rental listings, lease management, bills, expenses, and accounting
- Trained in rental property search, MLS navigation, COMPS analysis, and NYC property research
- Practiced transaction coordination, market analysis, and real estate workflows.
